

## Finding Doubles to 12

### Materials:

- \*1 dot cube
- \*Finding Doubles to 12 game board

### Directions:

1. Player 1 rolls the dot cube and doubles it. (If you roll a 2, then you think  $2+2=4$ .)
2. Player 1 finds the sum on the game board and writes the number sentence above the sum ( $2+2$  or  $2+2=4$ ).
3. Players take turns until the game board is filled.
